Dear John:

The 2000 Management Conference of the Aluminum Extruders Council was a major success, and I wanted to let you know how much we appreciated your remarks and the role you played in assuring that success.

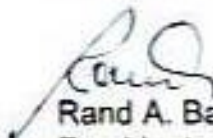

Everyone I talked with spoke highly of the value of what you had to say, and encouraged the Program Advisory Committee to work harder to find more speakers with equally important information for our members.

Our post-conference evaluations showed that your session was well received. On a scale of 1 to 5, with 5 being the best score, you received a 4.19 for content and a 4.30 for presentation.

Again, my sincere thanks for your help in making this one of our more successful meetings.

Best regards,

ALUMINUM EXTRUDERS COUNCIL
